

Our Know-how – Your Advantage

With excellent aging resistance, high resilience, excellent compression resistance, halogen-free, fully recyclable features, GP610 can be used for safe automotive seals, door and window seals.

Safety first:

Standards that meet market requirements:

Contains no latex, PVC, phthalates or heavy metals

Halogen-free

Durability:

Temperature resistance

Excellent mechanical properties, such as good elasticity, aging resistance, compression deformation resistance

Hardness ranges from Shore A 40 to Shore A 90

Typical Applications

- Automotive seals
- Door and window seals

Technical Data

Physical Property	Unit	GP610-4502	GP610-8502
Hardness	Shore	45A	70D
Density	g/cm ³	0.96	0.96
Tensile Strength	MPa	4.0	9.0
Elongation at Break	%	420	520
